

Sci-Port Discovery Center Science Search Adventure Guide

This map will lead you on an exciting and educational adventure like you've never experienced before! So put on your thinking hat and gather all your senses. You'll need them on your Science Search!

Red River Gallery

How many animals can you find in the terrarium?

How many are reptiles? How many are amphibians?

Build a River in the Stream Table. What is a cut bank? What is an oxbow lake?

Schumpert Body Works

Michael Jordan's vertical leap is 42 inches. How does yours compare?

How is your reaction speed? Test yourself and compare with your friends.

Test your sense of smell. How many scents can you identify?

Look at your fingertips under the microscope. How are they the same?
How are they different? Make your fingerprint here.

What is a zoetrope? How does it work? Make your own film.

Lucent Physical Sciences Gallery

Use Bernoulli's Principle to float a ball. How does this happen?

Which appliance in the *What's a Watt?* exhibit requires the most power? The least?

Use the Internet to find out what happened on this date in history.

What makes an airplane fly? Can you land the airplane safely?

Raspberry-Powers Children's Discovery Gallery

Watch the leafcutter ants. Where do they take the cut leaves?
